

Baden-Württemberg SCHOLARSHIP

SCHOLARSHIP CONTRACT WITH THE FOUNDATION LANDESSTIFTUNG BADEN-WÜRTTEMBERG

The Landesstiftung Baden-Württemberg is pleased to award you a Baden-Württemberg-SCHOLARSHIP. Congratulation for this honour. We would like to familiarise you with a number of conditions that you are required to satisfy in order for actual scholarship payments to be made. Payment of the scholarship depends on your accepting these conditions. We therefore ask you to sign this document and have your home university or host university return it to the Ministry of Science, Research and the Arts, in its capacity as project coordinator for the Landesstiftung Baden-Württemberg foundation.

Prof. Dr. Claus Eiselstein, Geschäftsführer

ppa. Dr. Andreas Weber, Projektleiter

1. The student is required to complete a regular course of study in compliance with the respective curricula.
2. By accepting the Baden-Württemberg-SCHOLARSHIP, you affirm that you are neither simultaneously receiving another grant, nor will you receive one during the same period.
3. You assure to take part in events hosted by the Landesstiftung Baden-Württemberg gGmbH, as far as this is feasible and can be reasonably expected.
4. You are required to announce the scholarship of the Landesstiftung within each of your publications which stand in direct context with the scholarship.
5. Students are required to write a report on their stay. The home university or, in the case of foreign students, the host university in Baden-Württemberg, should receive two copies of this report one month at the latest after students have completed their course of study abroad. This experience report should not exceed five A4 pages.
6. You agree to your particulars being filed on computer to the extent necessary for award of the Baden-Württemberg-SCHOLARSHIP.
7. Note for recipients of support payments under German BAföG law: the student scholarship will be offset in full against BAföG payments as income.
8. No further payments can be made if a student interrupts or quits his or her course of study. The home university (in the case of Germans studying abroad), or the host university (in the case of foreign students studying at a university in Baden-Württemberg), must be informed immediately in written form of situations that make it necessary to interrupt or cancel scholarship payments.

I accept the Baden-Württemberg-SCHOLARSHIP and the conditions stated above.
