

FACULTY OF SOCIAL WORK, HEALTH CARE AND NURSING SCIENCES

COURSES IN ENGLISH

YEAR 2020- 2021

UNIVERSITY OF APPLIED SCIENCES ESSLINGEN

Engineering, economics and management, social and nursing sciences make up the pillars of teaching at Esslingen University of Applied Sciences. Close networking of the university with the economic, industrial and commercial organisations ensures a high degree of practical orientation within a distinct curriculum. Students have access to over 50 highly modern laboratories on three campuses carrying out development projects commissioned by industry - interdisciplinary research on leading-edge topics in Social Work and Health is conducted with an extensive institutional network. The University achieves consistently front positions in university rankings.

FACULTY OF SOCIAL WORK, HEALTH CARE AND NURSING SCIENCES

The Faculty of Social Work, Health Care and Nursing Sciences in Esslingen, Germany, focuses on education and research in social work, nursing sciences and development and childhood education. It is characterised by high academic standards, clear-cut profile areas and long experience of education and research.

This guide aims to give an overview of the faculty and the program the faculty offers, and to inform exchange students who are planning to study in Esslingen. By offering a number of courses in English, the faculty strives to integrate students from all over the world. The international mix of students and teachers ensures a global and broadened perspective.

The study programs provide the possibility to individually design the content. The programs are based on a modular system, which makes them more accessible for students outside the program.

FACULTY OF SOCIAL WORK, HEALTH CARE AND NURSING SCIENCES

COURSES OFFERED IN ENGLISH

The Faculty of Social Work, Health Care and Nursing Sciences strives to motivate students to deal with international expertise. Hence, a reliable package of courses taught in English amounting to at least 30 credits per semester is guaranteed (subject to minor changes with regard to the number of courses and the content). These courses are part of our Bachelor's degree programs in Social Work and in Early Childhood Education. They can be taken by both our own students and by exchange students from our partner universities.

In addition, many of our social work students choose the Study Path INTERNATIONAL offered within the degree program and acquire international professional competence in three areas: international expertise, intercultural expertise and language expertise. Here, both our own students and exchange students will benefit from studying together, for example when comparing and analysing different social welfare systems.
